# QUALITATIVE LEAP BY 2040 FOR BUKEDI SUB REGION

From income of **UGX 500,000** to **UGX 25,000,000** per person per year by 2040

The 4 Prioritised Enterprises for Accelerated Wealth Creation in Bukedi Sub Region

## Reasons Why Bukedi is Poor

- Majority are outside the money economy (58.3%)
- Some in money economy are in less profitable enterprises
- Some in highly profitable enterprises don't industrialize
- Land fragmentation
- Low value addition on raw materials

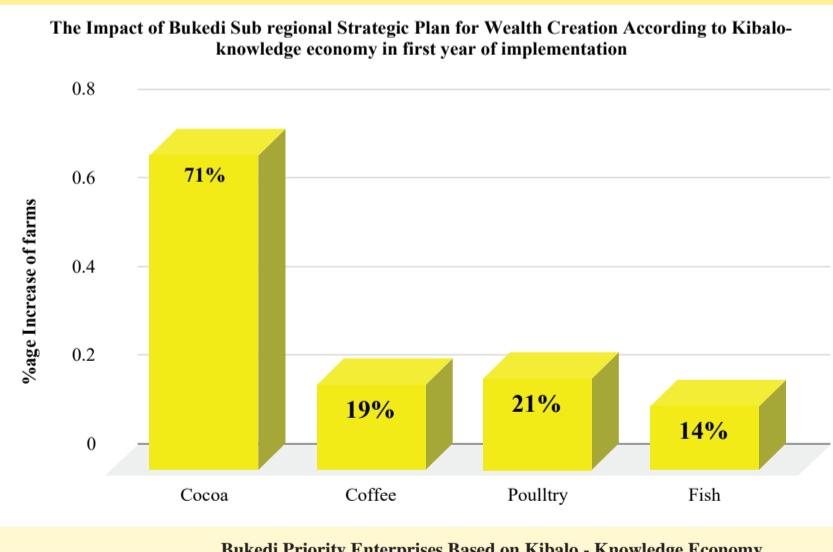

H.E. Gen. Yoweri Kaguta Tibuhaburwa Museveni, H.E. Maj. Jessica Rose Epel Alupo and Hon. Dr. Monica Musenero Masanza launching the strategic plan for wealth creation in Bukedi Sub Region.

## Science Technology and Innovations – Office of the President's Interventions in Bukedi Sub Region.

STI-OP used the Kibalo Tool to Prioritize enterprises in Bukedi Sub Region and developed the Bukedi Strategic plan for Accelerated Wealth Creation 2024 – 2040. **Cocoa Farming was the most profitable.**

Science, Technology and Innovations – Office of the President applies the Knowledge economy to amplify the gains from all government programs in the Sub Region.

This approach has led to this great impact in one year

H.E. Gen. Yoweri Kaguta Tibuhaburwa Museveni invites you to be part of the qualitative leap by engaging in Bukedi strategic plan Priorities.
